REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Stockholders FRMO Corporation and Subsidiary Elmsford, New York

We have audited the accompanying consolidated balance sheets of FRMO Corporation and Subsidiary (the "Company") as of May 31, 2014 and 2013, and the related consolidated statements of income and comprehensive income, stockholders' equity, and cash flows for the years then ended. These consolidated financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these consolidated financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the consolidated financial position of FRMO Corporation and Subsidiary as of May 31, 2014 and 2013, and the consolidated results of their operations and their cash flows for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
As of and for the Years Ended May 31, 2014 and 2013

NOTE 1 - Organization of the Company

FRMO Corporation ("FRMO") was incorporated in 1993. In January 2001, FRMO spun off its operations in a transaction accounted for as a reverse pooling of interests. On January 23, 2001, 34,200,000 shares of common stock were issued to the FRM Control Group. Murray Stahl and Steven Bregman, Chairman and President of the Company, respectively, are the principal persons in the FRM Control Group.

On December 20, 2011, the Company declared a 1-for-100 reverse stock split of its common stock, effective on the record date of January 17, 2012. Stockholders owning fewer than 100 shares on the record date had their shares cancelled and converted into the right to receive \$3.00 for each share of common stock held prior to the reverse stock split. As a result of the reverse stock split, the Company cancelled 19,986 shares of its common stock on January 17, 2012 at a cost of \$59,958. The reverse stock split was immediately followed by a 100-for-1 forward split for stockholders owning 100 or more shares on January 17, 2012.

The Board of Directors elected and approved a change to the Company's fiscal year from February 28 to May 31, effective for the fiscal year ended May 31, 2012.

NOTE 2 - Nature of Business and Significant Accounting Policies

Basis of Presentation

The consolidated financial statements include the accounts of FRMO and its wholly owned subsidiary, Fromex Equity Corp. ("Fromex") (collectively referred to as the "Company"). The Company maintains its corporate office in Elmsford, New York.

Principles of Consolidation

The consolidated financial statements represent the consolidation of the accounts of FRMO and its subsidiary in conformity with U.S. GAAP. All intercompany accounts and transactions have been eliminated in consolidation. Investments in unconsolidated companies (generally 20 to 50 percent ownership), in which the Company has the ability to exercise significant influence but neither has a controlling interest nor is the primary beneficiary, are accounted for under the equity method. Investments in entities in which the Company does not have the ability to exercise significant influence are accounted for under the cost method. Under certain criteria indicated in Accounting Standards Codification ("ASC") 810, Consolidation, a partially-owned affiliate would be consolidated when it has less than a 50% ownership if the Company was the primary beneficiary of that entity. At the present time, there are no interests in variable interest entities.

NOTE 2 - Nature of Business and Significant Accounting Policies (cont.)

Nature of Business

Management is experienced in the analysis of public companies and securities within a framework of identifying investment strategies and techniques that reduce risk. The Company endeavors to identify and participate in operating assets, particularly in the early stages of the expression of their ultimate value, in ways that are calculated to increase the value of the stockholders' interest in FRMO. Such assets are expected to include, but are not limited to, those whose values and earnings are based on intellectual capital. Of the many varieties of capital upon which investors have earned returns, ranging from real estate to silicon, perhaps the highest returns on capital have been earned on intellectual capital. It is the goal of FRMO to maximize its return on this form of asset. The identification of any business opportunities will follow the process employed by Horizon Kinetics, LLC ("Horizon" or "Horizon Kinetics"), to select and evaluate investment opportunities and strategies. Horizon was co-founded by Murray Stahl and Steven Bregman, officers and principal stockholders of the Company. It is an investment advisory and independent research firm, the research activities serving primarily institutional investors. It provides indepth analysis of information-poor, under-researched companies and strategies to identify the complex or overlooked situations that can offer an advantage to the investor.

Until April 30, 2011, the Company owned an 8.44% interest in Kinetics Advisers, LLC ("Kinetics Advisers"). Effective May 1, 2011, the members of Kinetics Advisors contributed all of their membership interests in Kinetics Advisors to Horizon Kinetics and, in exchange, Kinetics Advisors members received certain membership interests of Horizon Kinetics and Kinetics Advisors became a wholly-owned subsidiary of Horizon Kinetics (the "Exchange"). As result of the Exchange, the Company exchanged its original 8.44% membership interest in Kinetics Advisors for a 0.47% membership interest in Horizon Kinetics and a receivable of approximately \$4,814,000, which represents the Company's proportionate shares of fees that were earned and payable to Kinetics Advisors prior to the Exchange (see Note 3). On August 15, 2012, the Company transferred an interest in a revenue stream ("Revenue Stream"- see Note 2 (iii) below) to Horizon Kinetics in exchange for A-1 units of Horizon Kinetics, increasing the Company's membership interest in Horizon Kinetics to 0.86%. On April 16, 2013, the Company entered into an agreement with Horizon Kinetics to exchange, on or before May 31, 2013, certain privately held units of Horizon Kinetics for common shares of the Company based upon pre-determined prices of each. On May 31, 2013, the Company issued 2,387,715 shares of its common stock to the individual Horizon Kinetics unit sellers in exchange for an additional 4.09% interest in Horizon Kinetics. As a result of the Exchange, FRMO increased its interest in Horizon Kinetics from 0.86% to 4.95% (see Note 3). Effective June 1, 2013, the Company earns substantially all of its fees from Horizon Kinetics as a result of an amendment of its product-specific revenue interests (see Note 3). For the years ended May 31, 2014 and 2013, fees earned by the Company include fees earned from Horizon Kinetics and other fees derived from assets managed by other parties based on the research of Horizon Kinetics. The other programs significant to FRMO's fees are as follows:

(i) **Consulting fees -** The Company receives consulting fees pursuant to an agreement with Santa Monica Partners, LP, whose manager is a director and stockholder of the Company.

NOTE 2 - Nature of Business and Significant Accounting Policies (cont.)

Nature of Business (cont.)

(ii) Participation agreement - In November 2010, the Company invested in a participation agreement with Horizon. The agreement provided that the Company pay to Horizon \$750,473 to fund Horizon's November 8, 2010 capital call in Croupier Prive Private Equity Fund, LP ("Prive") for the purchase by Croupier Prive Private Equity Fund Master Fund, LP ("Master") of four specified investments in consideration of Horizon's agreement that the Company shall have the right to participate in 50% of Horizon's share of any profit in each of the investments while bearing only 10% of any loss on the sale of each of the investments through the end of Prive's extended term on July 31, 2016. On April 12, 2013, the Company received \$664,277 as a partial distribution. As of May 31, 2014 and May 31, 2013, the balance of the assets to be distributed by Horizon was \$138,357 and is included in "Participation receivable" in the consolidated balance sheets.

Prior to May 31, 2013, the Company also received fees from the following:

- (i) Sub-Advisory fees Until August 15, 2012, the Company received a one-third interest in a Revenue Stream that Horizon Kinetics derives from its sub-advisory program for a large investment firm. On August 15, 2012, the Company transferred its Revenue Stream to Horizon Kinetics in exchange for 39,897 A-1 units of Horizon Kinetics.
- (ii) Kinetics Paradigm Mutual Fund The Company received 100% of the research fees to which Horizon is entitled from the open-end mutual fund, Kinetics Paradigm Fund (trading symbol WWNPX).
- (iii) **Research agreement** Pursuant to a research agreement with Horizon Global Advisers LLC ("HGA"), the Company's subsidiary, Fromex, received a fee equal to 46% of the management fees received by HGA from its funds under management plus 60% of the incentive or performance fees received by HGA from its funds under management.
- (iv) Fee participation A fee participation of 20% of all management fees, incentive fees, and performance allocations that Horizon Kinetics receives from Horizon Multi-Disciplinary Fund, LP and Horizon Multi-Disciplinary Offshore Fund, Ltd.

The Company has evaluated all subsequent events from the date of the consolidated balance sheets through August 12, 2014, which represents the date these consolidated financial statements are available to be issued.

Cash and Cash Equivalents

The Company considers all highly liquid investments with an original maturity of three months or less when purchased to be cash equivalents. At May 31, 2014 and 2013, the Company had balances in excess of federally insured limits on deposit with financial institutions. The Company has not experienced any losses in such accounts, and management believes that it is not exposed to any significant credit risk on cash and cash equivalents.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS As of and for the Years Ended May 31, 2014 and 2013

NOTE 2 - Nature of Business and Significant Accounting Policies (cont.)

Cash and Cash Equivalents (cont.)

In the normal course of business, substantially all of the Company's securities transactions, money balances, and security positions are transacted with one broker. The Company is subjected to credit risk to the extent any broker with which it conducts business is unable to fulfill contractual obligations on its behalf. The Company's management monitors the financial condition of such broker and does not anticipate any losses from such counterparty.

Investment Valuation

The Company accounts for its investments in accordance with "Investments - Debt and Equity Securities", which requires that fixed-maturity and equity securities that have readily determined fair values be segregated into categories based upon the Company's intention for those securities. Accordingly, the Company has classified its equity securities as available-for-sale and its investment in a participation agreement as held to maturity. The Company may sell its available-for-sale securities in response to changes in interest rates, risk/reward characteristics, liquidity needs, or other factors.

Equity securities are reported at their estimated fair values based on quoted market prices or a recognized pricing service, with unrealized gains and losses, net of tax effects, reported as a separate component of comprehensive income in stockholders' equity. Realized gains and losses are determined on the specific identification method.

Investments that the Company has the specific intent and ability to hold until maturity are carried at cost.

The estimated fair values of financial instruments are determined by the Company using available market information and appropriate valuation methodologies. Considerable judgment is required in interpreting market data to develop the estimates of fair value. Accordingly, the estimates when presented herein are not necessarily indicative of the amounts that the Company could realize in a sale. The Company will record an impairment charge if and when it believes any investment has experienced a decline that is other than temporary.

As of May 31, 2014 and 2013, investments in limited partnerships and limited liability companies are valued as of March 31, 2014 and 2013, the date of the most current available information.

Investments in Unconsolidated Subsidiaries

The Bermuda Stock Exchange

The Company's investment in The Bermuda Stock Exchange, in which the Company holds a 37.57% interest (see Note 4) is accounted for under the equity method. Under this method, investments are carried at cost and are adjusted only for other-than-temporary declines in fair value, certain distributions, additional investments, and its allocated share of net income (loss).

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS As of and for the Years Ended May 31, 2014 and 2013

NOTE 2 - Nature of Business and Significant Accounting Policies (cont.)

Investments in Unconsolidated Subsidiaries (cont.)

Horizon Kinetics

The Company's investment in Horizon Kinetics, in which the Company now holds a 4.95% interest, is accounted for using the equity method. Under the equity method of accounting, investments are carried at cost and are adjusted only for other-than-temporary declines in fair value, certain distributions, additional investments, and its allocated share of net income (loss). Prior to the May 1, 2011 Exchange, as described in "nature of business", the Company's investment in Horizon Kinetics LLC was classified as available for sale, with unrealized gains being recorded through such date. Since May 31, 2012, the Company's additional 4.09% interest in Horizon Kinetics that was acquired on May 31, 2013 and prior units are no longer classified as available for sale and thus, are now carried at cost, which includes prior fair market value adjustments through May 31, 2013.

Investments in Other Partnerships and Limited Liability Companies

Investments in partnerships and limited liability companies that have separate ownership accounts for each investor greater than three to five percent are accounted for under the equity method. Under this method, the investments include all realized income and all allocated share of pass through income or loss items. The unrealized gains and losses of these entities are also reflected in the investment and in other comprehensive income.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Accounts Receivable and Allowance for Doubtful Accounts

In the normal course of business, the Company provides unsecured credit to customers, performs credit evaluations of these customers, and maintains reserves for potential credit losses. In determining the amount of allowance for doubtful accounts, management considers historical credit losses, the past due status of receivables, payment history, and other customer-specific information. The past due status of a receivable is based on its contractual terms. Expected credit losses are recorded as an allowance for doubtful accounts. Receivables are written off when management determines they are uncollectible. An allowance for doubtful accounts is not provided as of May 31, 2014 and 2013 since, in the opinion of management, all of its accounts are deemed collectible.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS As of and for the Years Ended May 31, 2014 and 2013

NOTE 2 - Nature of Business and Significant Accounting Policies (cont.)

Intangible Assets

Net intangible assets as of May 31, 2014 and 2013 were approximately \$-0-. Intangible assets were amortized over their estimated lives, five to ten years, using the straight-line method. Amortization expense for the years ended May 31, 2014 and 2013 was approximately \$-0- and \$74,000, respectively. On May 31, 2013, the Company's unamortized intangible assets were written off when the revenues related to such assets were included in the exchange of product specific revenues (see Note 3).

Securities Sold, not yet purchased

Securities sold, not yet purchased, or securities sold short, represent obligations of the Company to deliver the specified security, and thereby create a liability to repurchase the security in the market at then prevailing prices. Securities sold, not yet purchased are recorded as a liability at fair value.

Advertising Costs

The Company's policy is to expense the cost of advertising as incurred. There were no advertising expenses for the years ended May 31, 2014 and May 31, 2013.

Comprehensive Income

Other comprehensive income refers to revenues, expenses, gains, and losses net of income taxes that, under U.S. GAAP, are included in comprehensive income but are excluded from net income as these amounts are recorded directly as an adjustment to stockholders' equity and consist primarily of unrealized gains (losses) on investments.

Revenue Recognition

The Company primarily generates revenue through research and consulting fees. The accrual method of accounting is used to record fee income, which is recognized when earned.

Security transactions are recorded based on a trade date. Dividend income is recognized on the exdividend date, and interest income is recognized on an accrual basis. Discounts and premiums on securities purchased are amortized over the life of the respective securities. Realized gains and losses from securities transactions are recorded on a specific identification basis.

Revenue from the Company's interest in Horizon Kinetics' gross revenues is earned primarily on a month-by-month basis. Beginning with the quarter ended February 28, 2014 and each year thereafter, the revenue recorded for the quarter ended February 28 will include the Company's share of annual incentive fees earned by Horizon Kinetics, if any.

Revenue (losses) from investment partnerships is earned based upon FRMO's pro rata share of each partnership's pass-through of income and expenses to its partners on a calendar year basis.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS As of and for the Years Ended May 31, 2014 and 2013

NOTE 2 - Nature of Business and Significant Accounting Policies (cont.)

Research

Research expenditures, consisting of investment research, are expensed as incurred.

Stock-based Compensation

The Company records compensation expense associated with stock options and other equity-based compensation in accordance with guidance established by U.S. GAAP and Securities and Exchange Commission ("SEC") Staff Accounting Bulletin ("SAB") No. 107. Stock option compensation expense for the years ended May 31, 2014 and 2013 is the estimated fair value of options granted amortized on a straight-line basis over the requisite service period for the entire portion of the award less an estimate for anticipated forfeitures.

Income Taxes

The Company files a consolidated federal income tax return. Material differences between the financial reporting and the tax reporting of the Company's revenue, assets, and liabilities are included in deferred tax assets or liabilities. The income tax provisions and liability for income taxes are based on enacted tax laws and statutory tax rates applicable to the respective periods.

Deferred tax is recognized using the balance sheet method, providing for temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. Deferred tax is not recognized for differences relating to investments in subsidiaries and jointly controlled entities to the extent that they probably will not reverse in the foreseeable future. Deferred tax is measured at the tax rates that are expected to be applied to the temporary differences when they reverse, based on the laws that have been enacted or substantively enacted by the reporting date.

A deferred tax asset is recognized to the extent that it is probable that future taxable profits will be available against which temporary differences can be utilized. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized.

Uncertain Tax Positions

The Company follows the relevant provisions of U.S. GAAP concerning uncertainties in income taxes, which clarifies the accounting for uncertainty in tax positions and requires that the Company recognize in its consolidated financial statements the impact of an uncertain tax position, if that position has a more-likely-than-not chance of not being sustained on audit, based on the technical merits of that position. All related interest and penalties would be expensed as incurred. Tax returns for the years ended February 28, 2011 and forward are still subject to examination. The Company has evaluated its tax position and determined that no provision for uncertainty in income taxes is necessary as of May 31, 2014 and 2013.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
As of and for the Years Ended May 31, 2014 and 2013

NOTE 3 - Exchange of Product-Specific Revenue Interests

By agreement dated April 16, 2013, the Company amended the terms of its product-specific revenue interests in the following products managed by Horizon Kinetics and its subsidiaries: (i) a mutual fund, (ii) two private investment funds, (iii) a consultative relationship with an institutional investor and, (iv) an institutional separate account. The transaction was consummated at the close of business on May 31, 2013 and commenced on June 1, 2013. FRMO now receives a single revenue interest (the "Revenue Interest") equal to 4.199% of the gross revenues of Horizon Kinetics. On May 31, 2013, the 4.199% Revenue Interest had an estimated fair value of \$10,200,000 as determined by an independent valuation and is shown as "Participation in Horizon Kinetics revenue stream" in the consolidated balance sheets as of May 31, 2014 and 2013. Revenue Interest from this transaction is recorded as "Consultancy and advisory fees" in the consolidated statements of Income and Comprehensive income" for the years ended May 31, 2014 and 2013.

As a result of this transaction, the Company realized a gain of approximately \$10,057,000 equal to the fair value of the 4.199% Revenue Interest at the close of business on May 31, 2013 over the cost basis of the revenue interests in the Horizon Kinetics related products transferred to Horizon Kinetics on that date. Income taxes of approximately \$4,023,000 on the gain are deferred pursuant to Section 1031 of the Internal Revenue Code relating to "like exchanges" and are included "Deferred Tax Liability - non-current" in the consolidated balance sheets as of May 31, 2014 and 2013.

The Company's limited partnerships interests are all under 50%, except for its investment in South LaSalle Partners, LP at May 31, 2014, which was 57.4%.

The Company's investment capital in the Horizon Multi-Strategy Fund, LP may be withdrawn on 45 days prior written notice to the general partner, and the Company may redeem all or part of its capital account on the last day of each calendar quarter. Redemptions may be settled in cash or, at the discretion of the general partner, through in-kind distributions of portfolio securities, the fair market value of which would satisfy the redemption request. An entity, related by common ownership, is a member of both the general partner and the manager of Horizon Multi-Strategy Fund, LP.

The Company's investment capital in Jordan Partners, LP was purchased by Peter Doyle, a director of the Company, on May 21, 2014. Horizon, a related party (see Note 2), resigned as a member of both the general partner and the manager of Jordan Partners, LP on January 13, 2014. The transaction resulted in a gain of approximately \$160,000 to the Company. The sale price was equal to the fair value of the investment and management believes the sale price was equivalent to the amount which could have been received in a non-related party transaction.

The Company's investment capital in CDK Partners, LP (formerly known as Croupier Fund, LP) may be withdrawn as of the last day of each month by providing the general partner with 60 days advance written notice. The general partner, in its sole discretion, may permit withdrawals at other times or otherwise modify or waive such withdrawal conditions and requirements. All withdrawal amounts may be paid in cash or in kind (or a combination thereof), in the general partner's sole discretion.

NOTE 4 - Investments (cont.)

The Company's investment capital in Polestar Fund, LP may be withdrawn as of the last day of each month (or such other dates as the general partner in its discretion shall determine) by providing the general partner with 45 days advance written notice, with the minimum amount to be withdrawn of \$100,000. The general partner may, in its sole discretion, allow redemptions that do not comply with the above requirements; however, such redemptions may be subject to a penalty equal to up to 2% of the redemption amount requested. All withdrawal amounts may be paid in cash or in kind (or a combination thereof), in the general partner's sole discretion. An entity, related by common ownership, is a member of both the general partner and the manager of Polestar Fund, LP.

The Company's investment in the Multi-Disciplinary Fund, LP may be withdrawn as of the last business day of any calendar quarter upon at least 45 days advance written notice to the general partner, and in such other amounts and at such other times as the general partner may determine in its sole discretion. The minimum amount to be withdrawn is \$50,000. Partial withdrawals may not be made without the general partner's consent if they would reduce the investor's capital account balance below \$100,000. All withdrawals shall be deemed made prior to the commencement of the following calendar quarter. The general partner has discretion to waive or vary these terms. An entity, related by common ownership, is a member of both the general partner and the manager of Multi-Disciplinary Fund, LP.

The Company's investment capital in South LaSalle Partners, LP may be withdrawn as of the last day of each calendar quarter by providing the general partner with 60 days advance written notice. The general partner, in its sole discretion, may permit withdrawals at other times or otherwise modify or waive such withdrawal conditions and requirements, including any notice period, for any or all of the limited partners at any time without notice to or the consent of the limited partners. An entity, related by common ownership, is a member of both the general partner and the Manager of South LaSalle Partners, LP.

Investment in Unconsolidated Subsidiaries at cost

The Companies' investments in unconsolidated subsidiaries classified as not available for sale consist of the following as of May 31, 2014 and 2013:

NOTE 4 - Investments (cont.)

Securities Sold, not yet purchased (liability)

Securities sold, not yet purchased, or securities sold short, consist of equity securities that the Company has borrowed and sold. The Company is required to "cover" its short sales in the future by purchasing the security at prevailing market prices and delivering it to the counterparty from which it borrowed the security. The Company is exposed to loss in the event that the price at which a security may have to be purchased to cover a short sale exceeds the price at which the borrowed security was sold short. Securities sold, not yet purchased are recorded as a liability at fair value.

NOTE 5 - Fair Value Measurements

The Company follows "Fair Value Measurements" for its financial assets and liabilities that are remeasured and reported at fair value at each reporting period, and non-financial assets and liabilities that are re-measured and reported at fair value at least annually.

The following tables present information about the Company's assets and liabilities that are measured at fair value on a recurring basis as of May 31, 2014 and 2013, and indicates the fair value hierarchy of the valuation techniques the Company utilized to determine such fair values. In general, fair values determined by Level 1 inputs utilize quoted prices (unadjusted) in active markets for identical assets or liabilities. Fair values determined by Level 2 inputs utilize data points that are observable such as quoted prices, interest rates, and yield curves, and quoted prices for identical or similar instruments in markets that are not active. Fair values determined by Level 3 inputs are unobservable data points for the asset or liability, and includes situations where there is little, if any, market activity for the asset or liability:

NOTE 7 - Net Income Per Common Share and Per Common Share Equivalent

Basic and diluted earnings per common share is calculated by dividing net income allocated to common stock by the weighted average common shares outstanding during the period. The weighted average number of shares of common stock used in the calculation of diluted earnings per share is adjusted for the dilutive effects of potential common shares including the assumed exercise of vested stock options based on the treasury stock method and the assumed conversion of convertible preferred stock. Assumed exercise or conversion of potential common shares is only when the exercise price and the conversion price exceed the weighted average market price for the period, and that the entity records earnings from continuing operations, as the inclusion of such adjustments would otherwise be anti-dilutive to earnings per share from continuing operations. Potential common shares for the years ended May 31, 2014 and 2013 consist of the following:

	2014	2013
Redeemable Preferred Stock	-	50,000
Options	609,888	622,888
Total	609,888	672,888

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS As of and for the Years Ended May 31, 2014 and 2013

NOTE 7 - Net Income Per Common Share and Per Common Share Equivalent (cont.)

As of May 31, 2014 and 2013, there were 595,888 and 599,702, respectively, vested options with an exercise price below the weighted average market price of the Company's common stock during the period.

The reconciliation of the weighted average number of common shares used in the calculation of basic and diluted earnings per common share follows for the years ended May 31, 2014 and 2013:

	2014	2013		
Weighted Average Common Shares Outstanding Effect of Dilutive Securities, common share equivalents	43,304,917	39,280,354

NOTE 8 - Major Customers

Major customers, which are in excess of 10% of consultancy and advisory fees for the years ended May 31, 2014 and 2013, are as follows:

	2014	2013	
Customer A	72.9% N/A	N/A	
Customer B Customer C	26.3%	54.1% 21.8%	

NOTE 9 - Noncash Compensation

Noncash compensation expense represents a notional salary allocation for the Company's senior officers, as required under U.S. GAAP. The officers of the Company are responsible for all of the Company's operations and have agreed to not draw any salaries for an indefinite period. Noncash compensation expense is recorded as an increase to additional paid-in capital.

NOTE 10 - Stockholders' Equity

Redeemable Preferred Stock

The number of authorized Series R preferred shares is 5,000 with a par value of \$.001 per share. These shares are each convertible to 1,000 shares of the Company's common stock at the option of either the Company or the holder. The Company is required to redeem them at \$1,000 per share upon the request of a holder. These shares have one vote per share on all matters that common stock can vote upon.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
As of and for the Years Ended May 31, 2014 and 2013

NOTE 10 - Stockholders' Equity (cont.)

Upon liquidation, there is preference to the extent of \$1,000 per share. No dividends may be paid on common stock unless a dividend per share of 1,000% of common stock dividends is paid on the preferred stock.

On November 11, 2013, the holder of the Company's Series R preferred stock converted all of the 50 shares outstanding to 50,000 shares of common stock. As of May 31, 2014 and 2013, respectively, there were -0- shares and 50 shares of Series R preferred stock outstanding. The Company was required to redeem the 50 shares outstanding as of May 31, 2013 at \$1,000 per share upon the request of a holder.

Stock Options

A summary of option activity as of May 31, 2014, and changes during the year then ended, is as follows:

Stock Options	Number of Shares	Weighted Average Exercise Price Per Share		Weighted Average Remaining Contractual Term	Aggregate Intrinsic Value	
Outstanding at June 1, 2013 Granted Exercised Forfeited	622,888 8,000 (12,000) (9,000)	\$ \$ \$	2.15 6.67 2.02 4.00	6.30 6.37 -	\$ \$ \$ \$	1,277,244 19,040 50,940
